

## RECOMBINANT COLLAGEN MULTI-EFFECT REPAIR MASK

Multi-effect collagen-based mask containing sodium hyaluronate, collagen and arginine. Paraben-, sulfate-, and phthalate-free mask accelerates skin barrier repair and renewal through ultra-moisturizing active ingredients

This helps to speed up blood circulation; useful components penetrate deeper and more actively into all the skin layers and are digested much better in comparison with other simple moisturising methods.

### Package:

1 pack\*0.88fl.oz./25mL\*5pcs

### Shelf life:

3 Years

### Indications:

- Accelerates skin renewal after laser treatment.
